

ODOO | SURVEY

Get more insights.

Easily create appealing online surveys

Design, share and analyze in three intuitive steps

One platform to manage it all: automate appraisals, satisfaction surveys, marketing campaign, feedback forms, etc.

Design and test your survey

Create appealing and clear survey forms with no effort thanks to Odoo's intuitive building blocks where you immediately see how it looks like. Edit inline content at any time.

Share and collect data

Share your surveys rapidly with Odoo's built-in sharing system. Communicate about your surveys in just a few clicks.

Analyze answers

No need to synchronize results with your database. Odoo takes care of it automatically! Obtain results and view results charts in real time.

Immediately benefit from the results

Use your surveys' results to strengthen your strategy and improve your business' performance!

Odoo Survey Features

Design

Drag & drop editor

Use our premade building blocks to structure your survey.

Edit inline

Edit your surveys by adding your text and graphics in real time directly within the editable content of your building blocks. Swiftly amend any typos or mistakes!

Unlimited survey and forms

No questions limit, gather all informations possible.

Centralize & analyze
